

**मोशन है,
तो भरोसा है**

Continuing the legacy for the **last 18 years**

Dear Students,

We understand the dilemma of choosing between online and offline learning, especially in today's uncertain times. At Motion, we've strived to bridge this gap by introducing our advanced Hybrid Teaching Methodology.

This innovative approach seamlessly blends the best of both worlds: the personalized interaction of our Kota classrooms and the flexibility of online learning. With our cutting-edge e-learning features, including:

- Engaging Animated Video Lectures
- Comprehensive Video Solutions
- Adaptive Learning Platforms

We're committed to fostering a love for learning and empowering you to excel in your academic journey. Whether you're preparing for board exams, competitive exams, or international Olympiads, our hybrid model offers a tailored solution to meet your unique needs.

Join us in embracing the future of education.

NITIN VIJAY (NV Sir)

The Perfect Blend of **CLASSROOM** Learning and Technology for Guaranteed **SUCCESS**

**FEATURES TO
KEEP YOU
AHEAD IN THE
COMPETITION**

Expert Faculty with 18+ Years of Teaching Experience

Our **classroom programs** are led by renowned lecturers from Kota coaching, celebrated for mentoring thousands of students toward success in engineering and medical entrance exams. With an impressive track record of producing over 2,000 top-ranking students, our faculty ensures personalized attention and comprehensive guidance.

Online Advantage: Access unlimited recorded and live lectures delivered by these expert educators, making us pioneers in integrating live and recorded learning experiences.

Customization for Deep Learning

In-Classroom: Our faculties provide personalized guidance, suggesting key books and focusing on critical topics to streamline preparation.

Online Mode: Through our Conceptual Problem Sheet (CPS) feature, students can target specific subtopics for improvement. This unique offering, available only at our institute, bridges performance gaps identified through detailed performance analysis.

Exclusive, Well-Researched Study Material

In-Classroom: Students receive meticulously prepared printed materials, backed by AI insights, along with a comprehensive revision kit.

Online Mode: Gain access to over 15,000 questions, detailed solutions, and the complete syllabus via the Motion Learning App, making your preparation seamless and efficient.

Efficient Doubt-Solving Facilities

In-Classroom: Students can interact directly with teachers during dedicated doubt-solving sessions.

Online Mode: Leverage app-based support for doubt resolution, where subject matter experts respond within 24 hours to ensure clarity and continuity in learning.

Regular Communication with Students and Parents

In-Classroom: Parents and students are consistently updated on test scores, with a dedicated academic team in Kota available for coordination.

Online Mode: Stay informed about performance updates through our user-friendly digital platforms, fostering a collaborative environment for growth.

By integrating the best of classroom teaching with cutting-edge technology, we ensure our students are always ahead of the competition.

AI-BASED DPP MACHINE INDIA'S FIRST MIRACLE MACHINE

What does AI-Machine Do?

- ☞ **AI-Based** DPP Machine is capable of reading your **mind**.
- ☞ Through personalization of education it **generates practise sheets** in customised manner.
- ☞ It prepares a **subject – wise printed practice sheet** for you, to enhance **your weaker points**.
